Eures Italia

<https://ec.europa.eu/eures/main.jsp?catId=482&acro=job&lang=it>

The European portal for professional mobility with direct connection with the local office of work at regional and local level.

What can EURES do for you?

The purpose of EURES is to provide information, advice and recruitment/placement (job-matching) services for the benefit of workers and employers as well as any citizen wishing to benefit from the principle of the free movement of persons.

EURES is much more than the Job Mobility Portal that you are visiting right now.

EURES has a human network of more than 850 EURES advisers that are in daily contact with jobseekers and employers across Europe.

In European cross-border regions, EURES has an important role to play in providing information about and helping to solve all sorts of problems related to cross-border commuting that workers and employers may experience.

Set up in 1993, EURES is a co-operation network between the European Commission and the Public Employment Services of the EEA Member States (The EU countries plus Norway, Iceland and Liechtenstein) and other partner organization. Switzerland also takes part in EURES co-operation. The joint resources of the EURES member and partner organizations provide a solid basis for the EURES network to offer high quality services for both workers and employers.

ISFOL

Euroguidance Italy operates at the Isfol (Institute for the Development of Vocational Training of Workers). It is promoted by the European Commission – DG Education and Culture – and by the Ministry of Labour and Social Policies – DG Active and Passive Policies. The purpose of the network is to enable EU nationals to take up educational and training opportunities in other EU countries.

Euroguidance Italy carries out its mission through three main activities:

1. production of information materials dealing with education, training and career opportunities at national and international level;
2. dissemination of information on education, training and guidance systems in Europe;
3. organization and participation to public events dealing with guidance and mobility.

The dissemination of information takes place through:

- www.isfol.it/euroguidance website, on which all the reference material produced to date is available;
- [Minformo](#) newsletter and [Euroguidance News](#) magazine;
- free distribution of publications to relevant institutions and centers;
- distribution during fairs and related events;
- euroguidance@isfol.it email account, aimed at answering users' enquires about education and training opportunities at national and European level;
- the involvement of the National Dissemination Network.

In order to guarantee a widespread dissemination of information and materials at national level, Euroguidance Italy coordinates the [National Dissemination Network](#) (NDN), involving bodies and experts working in the field of guidance and mobility. The National Dissemination Network was established in 1994 as a platform to allow further development and sharing. It provides the opportunity to exchange ideas and good practices, to find new project partners, to support existing initiatives with specific activities (providing database, good practices, feedbacks, etc.).

The NDN has one or more centers in every Italian region. The list of the different centers is available on: www.isfol.it/euroguidance
